

# RSP Entertainment's Wedding Reception Planning Guide

## Potentially Helpful Suggestions for Your Wedding Reception Entertainment...

**The key to a successful event is flexibility! Be specific but keep your guests in mind!** When conveying your musical tastes, try to avoid vague words such as "good" and "fun". What is "good" or "fun" to you, may be "tacky" to others, but again, it is your wedding! Also, if the event planner is not filled completely three weeks prior to your event, return it anyway and leave those areas blank, we'll fill them in one we review the guide with you. Remember that we need this event planner to at least 3 weeks before your reception to make sure we can be as prepared as possible for your event.

**Arrival Time:** RSP Entertainment arrives approximately 45 minutes to 1 hour prior to the contract start time. Please ask your hall/coordinator to call us at 540-312-3353 if your DJ has not arrived 40 minutes prior to contracted start time.

**The Music Program:** RSP Entertainment strongly recommends a mix of all categories in order to appeal to all age groups. If there are specific songs or categories you do not want played, be sure to specifically tell your DJ how to handle those songs if they are requested. If you choose to provide us with a play/do not play list, we are willing to search for song requests if we do not have them in our current collection. The request list should be returned with the Reception Planning guide. **We recommend you keep the list short (about 10 to 20 songs), so your DJ can take requests and cater to the crowd.** If you wish to provide songs on CD, we prefer to have it at least a week or 2 in advance so we can add everything to our Digital DJ System. Please notify your DJ to whom he should return your music to at the end of the event. We cannot be responsible for any items left at the location after the end of an event. Please note that we carry over 80,000 songs and are constantly updating, so we normally have much newer hits than what's provided in our music lists.

**Wedding Party Introduction:** If you would like us to introduce the wedding party, be sure you write down exactly how you want our DJ to announce them (phonetically). After the announcement of the wedding party, it is common for the DJ to announce either: 1) Bride and Groom's first dance, or 2) meal plans, including the blessing and/or toast.

**First Dance:** Traditionally it is only for the Bride and Groom. If the song lasts more than 4 minutes, it is typical to ask the bridal party or your guests to join in halfway through the song. Some choose to have their first dance before the meal, others choose to have it after the meal so there is a smooth transition into the dance program, but the choice is completely up to the Bride and Groom. Feel free to look at our Reception Music list for popular "Spotlight" dance songs.

**Second Dance / Third Dance / Open Dancing:** If you are having your first dance before the meal, it is a good idea to have some type of formal dance (such as the father/daughter & groom/mother dances or wedding party) after the meal so that there is a smooth transition into open dancing. It is also a good idea to open the dance floor to your guests during or after the third dance. A slow song is most commonly effective to open the dance floor. You are more than welcome to do more than 3 dances, but once you start formal dances, you want to open the dance floor to guests as soon as possible.

**Toast:** The Best Man usually proposes a toast to the Bride and Groom, but anyone can do so. Whoever may be giving the toast may use our wireless microphone. Typically the toast is given prior to the meal or along with the cake cutting.

**Cake Cutting:** The cake cutting is usually performed one hour after dinner or towards the end of the reception. It can be grouped together with the toast so that the dancing does not get interrupted too often, but it's definitely not necessary. Music is typically played very lightly in the background so the main focus is on you. **(Just a thought:** Guests, especially older guests, tend to leave after the cake cutting ceremony, so please take this into consideration.)

**Anniversary Dance (if selected):** Usually done immediately after the cake cutting (as the cake is being prepared to be served). The Anniversary Dance starts with all married couples called to the dance floor. The MC then asks everyone who has been married less than 12 hours to sit down (obviously the bride & groom). Then you move on to 1 year, 5 years, 10 years etc.. until only one couple remains on the dance floor (the longest married couple). The bride and groom usually give the couple a special flower, gift or card. Sometimes another song is played and the two couples dance together.

**Bouquet & Garter Toss:** Typically done closer to the end of the evening, but before guests really start to head out. The bride will throw the bouquet to all the single ladies, then the groom removes the garter from the bride and throws it to all the single gentlemen/bachelors. **(Optional:** The lady who caught the bouquet has the garter placed on her leg by the gentleman/bachelor who caught the garter.)

**We hope this helps!**
